

OGC 62-2937(a)

28 November 1962

MEMORANDUM FOR: R. H. Fuchs  
Deputy Comptroller

SUBJECT:

25X1A9a

1. Reference is made to your memorandum of 23 November 1962 on this Subject. You mention the normal procedure regarding processing of applications for refund of retirement deductions and then point out that it is your understanding that this case is not to be forwarded to the Civil Service Commission without General Carter's approval.

2. From the standpoint of this Office, there would seem to be no reason under the circumstances why we cannot simply hold the application until some other events occur. At that time the entire matter could be reviewed again depending upon the circumstances existing at that time.

3. Please let us know if we can be of any further assistance on this.
